Employee Health Plan

Direct Peer To Peer Model

OBJECTIVE

To provide the employer with an employee health platform to promote employee wellness with resulting time savings and increase in productivity and revenue; as a direct peer to peer model.

GETTING STARTED

Register a PayorLink Employer account at www.PayorLink.com to list all eligible employees, panel¹ clinics and hospitals. Add entitlement and capitation details as appropriate.

EMPLOYER WEB

PayorLink Employer is used by the Human Resource Department to manage employee health and claims with realtime connectivity to healthcare provider clinics and hospitals; password protected. PayorLink supports the HRD with backend services for smooth implementation of the employee health management processes for optimal effectiveness and efficiencies.
